

MMRC's clarification / reply to the queries raised by NETEL INDIA LTD during a pre bid meeting held on 10/08/2022 related to NIT issued for re tender (2nd call) on 03/08/2022 for works of Supply, Installation and Commissioning of 1.5 TPD capacity Bio-methanation plant along with electricity generation from municipal organic wet waste with 1 year operation and maintenance at LT market, D Ward, Mumbai.

Queries / suggestion of NETEL INDIA LTD

| Sr. No. | Query/Suggestion of agency | MMRC'S Clarification /REPLY |
|----------------|--|--|
| 1. | The area allocated is not even 64 sq mtr, which is probably not sufficient enough for a 1.5 TPD plant | Tender condition prevails. |
| 2. | The pathway to the site inside the market is narrow and thus vehicle movement is very tough. Moreover, the lane adjacent to the site is also narrow and bent; so, heavy vehicle (needed to transport machinery) can't enter. | Access is as per prevailing site conditions. |
