

### Colaba-Bandra-SEEPZ Metro-3 Corridor

#### MMRC STATEMENT:

In one of the largest urban plantation and transplantation drives undertaken, as per the directive of the Tree Authority, MMRC has planted 23,846 new trees and transplanted 1,582 trees.

While the survival rate for freshly planted trees is 97%, 36.2% (572 trees) of the transplanted trees have survived, despite the challenges posed by urban conditions. MMRC is fully committed to continue its best efforts for plantation and transplantation, spokesperson, MMRC
