### **Invitation for Appointment of Consultant**

Dear Sir/Madam,

### **Sub: Letter of Invitation (LOI) – for preparation of Detailed Project Report (DPR) for creating direct pedestrian subway connection between Metro Line-3 Stations and adjoining developments**

### **Background**

Mumbai Metro Rail Corporation Ltd (MMRCL) a JV-SPV (50:50) of Government of India (GoI) and Government of Maharashtra (GoM) is implementing Mumbai Metro Line 3 which is a 33.5 km fully underground metro corridor with 26 underground stations and 1 at grade. The project is financed through Equity and Subordinate Debt contributions from GoI and GoM, financial contributions by MMRDA, MIAL as stakeholder and Japan International Cooperation Agency (JICA) loan assistance. As per the Union Cabinet approval granted for this project, Rs.1,000 cr is to be mobilised from value capture from property development initiatives by MMRCL for which GoM has granted certain lands to MMRCL.

Mumbai Metro Line 3 is a fully underground corridor connecting Mumbai's first business district at Nariman Point with newer business districts at Lower Parel, Bandra Kurla Complex and SEEPZ. The alignment also connects several major transport hubs including the CST, Churchgate and Mumbai Central stations as well as the Mumbai Airport.

MMRC has invited EOIs from developers along the Metro Line 3 alignment for developing direct access connections from their properties to the Metro Line 3 stations. Developers/owners of 9 properties have given their confirmation for preparation of DPR. These properties have been divided into 2 groups as below:

*Table 1: List of Direct Access Connections*

SN	Metro Station	Access code	Plot / Property
<b>Group I</b>			
1	Science Museum	1A	Turf Estate
2	Science Museum	1B	Jijamata

MMRCL intends to create DPRs and tender documents for the development of direct access subway connections between the Metro Line 3 stations and the adjoining properties. 9 properties have been divided into two groups I & II as stated in Table 1 above. MMRC intends to hire two different consultants each for Group I & Group II. Consultants are free to tender for any or both Group I & Group II. However, at the time of contract award, no firm will be awarded more than 1 group based on the lowest responsive price-tender combination for both Group I & II.

## **Objective**

Keeping pedestrian spaces in city centres of Mumbai integrated and continual is extremely important, but difficult to achieve particularly where road resources on the ground are crowded by vehicles for the efficiency. The basic requirement for this Subway design is the adequate space provision for efficient movement of defined users. The objective of this study is to finalize the subway alignment, developing detailed engineering drawings & BOQ, preparation of tender documents for appointment of contract and bid process management for contractor appointment.

Detailed scope of services is given in Section 3 of RFP document.

## **Eligibility Criteria**

Eligibility Criteria for the assignment is given in the Instructions to Consultants (ITC) at Clause 6 of Section 2. JV/Consortium of maximum 2 firms is permitted.

## **Duration of services**

Time duration for the consultancy service for each group will be 10 months, extendable to the period depending upon Authority's discretion and mutual consensus.
