

MUMBAI METRO RAIL CORPORATION LIMITED Mumbai Metro Line-3 Project						MMRC's Response/ Clarifications dated 18th April 2017
Response to Applicant's Queries (SET-2) for IFP No. MM3-CBS-EST						
Design, Manufacture, , Supply, Installation, Testing and Commissioning of Heavy Duty Escalators (Package:16A)						
Sl.No	Section & Clause No.	Page No.	Item	PQ Document Condition	Applicant's Query	MMRC's Response/ Clarifications
1	Section III: Qualification Criteria and Requirments 4.2 (a)	25/ QCR 7	4.2(a). Specific Experience	A minimum number of two similar ⁽ⁱⁱ⁾ contracts that have been satisfactorily and substantially ⁽ⁱⁱⁱ⁾ completed as a prime contractor (single entity or JV member) ^(iv) between 1st January 2007 and Application submission deadline.	We request your amendment to align clause 4.2(a) with clause 4.2(b).1. Clause 4.2(a) mentions 2 cotracts of 100 units which looks to be contradicting clause 4.2(b).1 as mentioned above. e.g We have done 3 works of 70 escalators in MRTS project but still we are unable to qualify as per clause 4.2 (a).	Prequalification document conditions prevail.
2	Section III: Qualification Criteria and Requirments 4.1	25/ QCR 7	4.1. General Experience	Experience under Escalators contracts in the role of prime contractor (single entity or JV member), subcontractor ⁽ⁱ⁾ or management contractor for at least the last 5 years, ending 31st December 2016. (Single Entity or JV Each Member must meet requirement).	We humbly request that MMRC Change the Technical Qualification requirement to: "The applicant, individually or as a consortium/JV should have experience under Escalators contracts in the role of prime contractor (single entity or JV member), subcontractor or management contractor for at least the last 5 years, ending 31st December 2016".	Please refer Addendum No. 3.
3	Section III: Qualification Criteria and Requirements 4.2 (b)	26/ QCR 8	4.2(b). Specific Experience. 3.	3. If the bidder is from foreign country, it should have an international experience of supplying at least 40 similar Heavy Duty Escalators to one country outside his country of origin.	Bidder understands If the consortium of Indian Lead Member & Overseas Partner / 's is registered in India & the lead member is Indian Company, then it will not be considered as Bidder from Foreign Country. Thus this clause will not be applicable for the above consortium.	PQ document clause 4.2(b).3 is self explanatory. Prequalification document conditions prevail.
