

## Colaba-Bandra-SEEPZ Metro-3 Corridor

### **MMRC to illuminate LT market at Grant Road (E)**

#### **MMRC will produce biogas for electricity generation under Corporate Environment Responsibility programme**

**Mumbai, February 22, 2024** – MMRC awarded contract to set up a Bio-methanation plant of 1.5 TPD capacity which will generate electricity from municipal organic wet waste under Corporate Environment Responsibility (CER) programme. MMRC has taken this initiative in cooperation with Brihanmumbai Municipal Corporation (BMC) as compliance to environment clearance granted to redevelopment project for building at Kalbadevi-Girgaon (K3 building). The biogas produced under this waste to energy project would be utilised for electricity generation for lighting the LT market at Grant Road.

“This project will facilitate production of clean energy and provide for environmentally sound management of municipal organic wet waste. It will also help to reduce the greenhouse gas emissions apart from reducing cost of transporting the waste and is a cost-effective solution for protection of Environment. MMRC is committed to contribute positively to the betterment of the city and will continue the same in future.” Said Mr. R. Ramana, Director (Planning & Real-estate/NFBR), Mumbai Metro Rail Corporation.

MMRC has awarded the work of installation, operation, and maintenance to M/s Aerocare Aviation Services Pvt. Ltd. The said agency has implemented similar works before in coordination with BMC. (Ends)
