

## **Colaba-Bandra-SEEPZ Metro-3 Corridor**

### **MMRC delivered a brief session on Metro Line 3 underground construction technology in Tunnelling Asia 2019 International Conference**

**Mumbai, 28th February 2019:** Mumbai Metro Rail Corporation (MMRC) presented a brief Session on Metro Line 3 underground construction technology in Tunnelling Asia 2019 International Conference on Underground Facilities for Better Environment and Safety: Issues and Challenges. Mr SK Gupta, Director Projects, MMRC addressed the dignitaries and the audience during the interactive session. The conference was jointly organized by Tunnelling Association of India, Central Board of Irrigation and Power and Delhi Metro Rail Corporation in Hotel ITC Maratha, Mumbai,

The conference was attended by industry stalwarts which included, Shri Daljeet Singh, Director (Works), DMRCL, Lt Gen Suresh Sharma, Senior VO, Tunnelling Association of India & Former Engineer in Chief, Ministry of Defense, Lt Gen SK Shrivastava, Engineer in Chief, Ministry of Defence, Mr Tarcisio B Celestino, President International Tunnelling & Underground Space Association, Shri Devendra Kumar Sharma, Chariman, Bhakra Beas management Board, Lt Gen Harpal Singh, Director General, Border Roads, Shri Sanjay Gupta, Chairman & MD, Kokan Railway Corporation Ltd, Ms Yab Jinxid, Vice President ITA & Mr VK Kanjila, Secretary General Tunnelling Association.

About 300 professionals from Central and State Govt, agencies like Metro's, Hydropower, National Highway's, railways & consultants who are involved with Indian tunnelling industry and underground works in different parts of the country participated in the conference

The conference was organized to share thoughts on importance of Tunnelling role in Infrastructure development in the field of Metro network, railways and highway, water supply and sewerage disposal, hydropower and transfer of water for irrigation etc.

Commenting on the same, Mr SK Gupta, Director Projects MMRC said, "It gives us immense pleasure to be part of this conference. Tunnelling work is fast developing in the country. Other than Metro Line 3 in Mumbai there are other big cities like Bangalore, Jaipur, Kolkata & Chennai are also in the verge of developing metro network which is a huge development for tunnelling technology in the country.
