

MMRC's rehabilitation building: Tata Projects, L&T, others bid

MUMBAI: Engineering firms like Tata Projects, L&T, Capacite Infra and Shapoorji Pallonji have bid for construction of a rehabilitation building in Girgaon for MMRC, which is implementing the metro 3 corridor.

Mumbai Metro Rail Corporation (MMRC) said it has received excellent response from various construction companies for the pre-qualification bids for construction

of G3 building in Girgaon.

The building will house residents, commercial shops and offices affected by the Colaba-Bandra-SEEPZ metro-3 corridor.

The firms that have shown interest to develop the building include JMC Projects (India), Tata Projects, L&T, Vascon Engineers, Shapoorji Pallonji And Company, Montocarolo, Capacite InfraProjects, Nyati Engineers & Consultants, Man Infraconstruction and Nathani Parekh Construction. The 48-storey Girgaon redevelopment building (G3) will house 473 residential flats, 137 commercial shops, 19 offices.
