

## Marking a milestone

**Closer to completion:** Workers celebrate the 25th breakthrough of Metro 3 project's tunnel boring machine (TBM) at Worli on Wednesday. The TBM, which was commissioned on September 27, 2018, completed 2,073 metres of tunneling. So far, 78% of tunneling and 50% of construction of the Metro corridor have been completed. ■ EMMANUAL YOGINI
